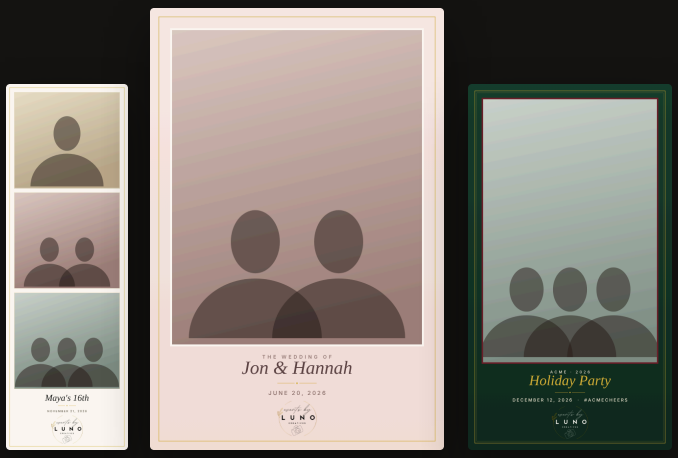
LUNO LIVE BOOTH

The photo booth on *every guest's* phone

Guests scan a QR code, take their photo on their own phone and keep a print designed for your event. Every photo lands in one gallery, and with the live screen, on your TV moments later. No booth, no lineup, no app.



HOW IT WORKS

Set up in five minutes. No staff needed.

01

We design your template

Your colours, logo, event name and hashtag on every print. Preview and tweak it in your own console.

02

Put out the QR signs

We send them ready to print. With the live screen, open your link on the TV for a big QR code and a live wall.

03

Guests scan and snap

Portrait, trio, strip or Instagram story. They save the print straight to their camera roll.

04

Share the gallery

Every photo in one gallery for 30 days, plus a one-click download for the host.

Why hosts love it

- **No lineup.** 150 guests means 150 booths, not one camera and a queue.
- **No equipment.** QR signs on the tables are all it takes. Add the live screen for the big-screen moment.
- **Every photo, one place.** Hosts get every guest's photos, not just their own.
- **You stay in control.** Hide any photo in one tap, or approve each one first.

Perfect for

- Office holiday parties and team events
- Weddings, receptions and engagement parties
- Birthdays, sweet sixteens, showers and graduations
- Brand activations, launches and conferences, with your logo on every share
- Alongside a staffed LUNO photo booth or 360, so the whole room joins in

The most elegant booth in the room, and every guest is holding it.

PRICING (CAD, PLUS HST)

Simple, per-event pricing

EVENT LICENCE

$50 per event

- Custom on-brand template (colours, logo, hashtag)
- Unlimited guests and photos from guests' phones
- Four print styles, including Instagram story
- Guest gallery for 30 days, with one-tap moderation and a download of every photo
- Printable QR signs and table cards: no TV needed

LIVE SCREEN

+$50 includes one screen

Your TV or projector becomes a live wall: a big QR code to join, and every photo on screen moments after it's taken.

Extra screen or kiosk tablet (iPad on a stand)	$10 each
Rush template (event within 72 hours)	+$25
A second template look	+$20
Gallery open 90 days	+$15

IDEAS

Ways hosts use it

Birthdays

QR cards on every table. The host wakes up to one gallery of every photo.

Weddings

The live screen at the reception, plus a kiosk iPad by the guest book for grandparents.

Office parties

Logo on every print, a live screen on each floor, and approval switched on.

What you need

- Just the QR signs we send, ready to print. With the live screen: a TV or projector with a laptop (Chrome or Edge), or a smart TV
- Internet at the venue. Guests use their own data or the venue Wi-Fi

Privacy, built in

- Guests choose whether a photo is shared
- The gallery closes after 30 days, and we delete photos on request
- Photos are never used for anything else

BOOK IN TWO MINUTES

Scan to try the demo and book your date

Send your logo and colours with your booking. Within one business day you get your invoice and a first look at your template. **eventsbyluno.com/labs/booth-live**
